Address: Tartu 71, Viljandi, Viljandi County,

Estonia, 71005

Nationality: Estonian

Profile

An engineering student with some corporate experience in Estonian construction industry. Seeking to enhance the world through technology and creative design. Hobbyis graphic designer and illustrator.

Work Experience

Summer 2017 Kodumaja Projekteerimise OÜ - assistant design engineer

Worked on several Revit projects as a design engineer as well as helping to implement BIM strategy in the company.

Summer 2016 Estonian Ministry of Economic Affairs and Communication - intern

Helped with research for a project accelerating the implementation of Building Information Modeling in Estonia's construction industry.

Summer 2015 Nordecon AS (Estonia) - intern, project manager assistant, BIM assistant

My tasks included assisting the project managers in various ways and working with several 3D-models in AutoCAD and Revit software.

2012 – 2014 OÜ Kolm Põrsakest (Limited Liability Company, Estonia) – co founder, board

member, human resources manager, designer, performer.

As a founder of a starting company that offered science shows to both children and adults, I was responsible for the overall development of the company. My main task was to commune with clients and appoint performers to assigned shows, as well as organising overall logistics. I was also responsible for web marketing and the visual image of the company, designing posters, ads etc. I also performed at the shows.

Education and Qualifications

2014 – University of Edinburgh, (MEng Hons) Structural Engineering with

Architecture

2011 – 2014 Hugo Treffner Gymnasium (graduated with silver medal)

2002 – 2011 Viljandi Maagümnaasium – primary school (graduated with commendation)

2006 – 2010 Viljandi Art School

Computer Skills

MS Office Autodesk AutoCAD Adobe Photoshop Autodesk Revit

Adobe Illustrator Matlab
Adobe InDesign. Sketchup

Achievements and Voluntary Activities

2016 - 2017 President of Edinburgh Estonian Society

As a president, I was responsible for the funtioning of the society as well as representing it. The aim of the Estonian Society is to maintain and develop Estonian culture in Edinburgh and in the UK.

2015-2016 Treasurer and committee member of Edinburgh Estonian Society

As a committee member, I took part in organising various social events. I was also responsible for the finances of the society, as well as designing posters etc.

July 2013 Junior Achievement – Young Enterprise Europe's Company of the Year award (London)

A competition held among the best student companies of each European country. Sc. Three Little Pigs (ÕF Kolm Põrsakest) was announced the best company of the year.

Activities and Interests

Graphical design and animation: I have designed numerous posters, ads, banners and logos as well as illustrated some learning resoruces and produced graphics and animations to 2D mobile games.

Sports: Competitive academic rowing previously, my greatest achievements include a gold medal and several silver medals in Estonian Junior Championships, however, I take it more as a hobby now. I also enjoy different ball games, swimming, gym and running.
